FOR RELEASE
4/2/07

DISTRICT 181 SEEKING FINANCIAL ADVISORY GROUP MEMBERS

The Community Consolidated School District 181 Board has issued a call for two volunteers to serve on its five-member Financial Advisory Committee. The Board created the Financial Advisory committee in July 2006 and announced its membership in September 2006. The formation of the committee was one of several suggestions to improve financial practices in the district submitted by an Ad Hoc Financial Advisory Committee, which met in early 2006.

Over 50 district residents volunteered to be a part of the Ad Hoc Financial Advisory Committee and the Financial Advisory Committee. Members serve three-year terms. The terms of two members who have been part of both committees are expiring: Joe LaManna and Gay Vincent.

Committee membership is open to District 181 residents with expertise in finance, investments, insurance, or taxation. District 181 Board Member Marc Monyek will serve as chairman of the group, which will meet three times a year and report to the Board of Education. Each member serves a three-year term. Chairman Monyek expects to announce appointment of two new members in May.

“I look forward to hearing from residents who can give three evenings a year to provide expert review of district finance policies and procedures. We value the perspective this committee has provided and consider it an integral part of our board of education process,” Mr. Monyek said April 2.

Residents with an interest in an appointment to this committee should submit their candidacy to the district by the end of April by e-mailing the Board at boe@d181.org or sending a letter to: Director of Budget and Finance Jay Grimes, Community Consolidated School District 181, 1010 Executive Court, Suite 100, Westmont, IL 60559.
