

COVID-19 DASHBOARD - 11/13/20

District 181's decision-making about a possible shift in learning model is informed and driven by several factors: the DuPage County Department of Public Health and DuPage County Regional Office of Education framework for use in school districts, local health data, internal metrics, and factors such as staffing and facilities. This dashboard is a collection of internal data. These metrics are updated weekly by 4 p.m. on Mondays and will include data up to the previous Friday. Exceptions made for holidays.
